

CASA MOSQOY

We have found the student dormitory and cultural centre of our dreams! But we need support to make it ours. Before someone else snaps it!

WHAT IS CASA MOSQOY?

Casa Mosqoy is a cultural safehouse for our scholarship students who come from rural Quechua communities to study with us for 3-5 years at a time. We offer full-tuition scholarships in institutes and universities, a communal dormitory, emotional and psychological support, and extra tutoring and workshops. It is a home away from home.

THE SPACE

The space is our dream come true. 12 large rooms with private bathrooms. Plus large dining hall, outdoor patio, garden space, room for a fair-trade store, expos and events, common areas for workshops and tutoring. Space for our office and volunteers. Bright and sunny. A happy environment.

THE LOCATION

It's in the perfect spot. One block from the Puputi bus station, where our students arrive from their communities. Close to San Blas and the centre of Cusco. A safe street, secure - our #1 priority for our students.

THE LANDLORDS

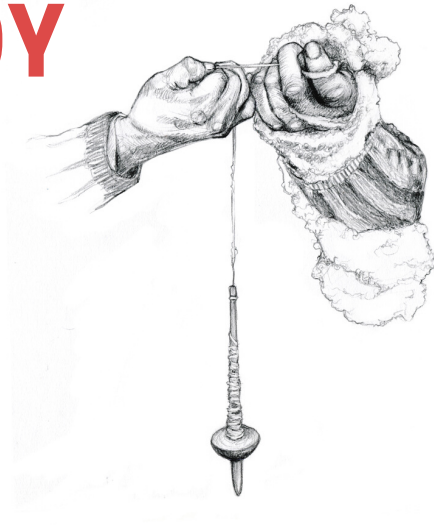

Good landlords are hard to find. But these ones are golden. The landlords are long-term family friends of a Mosqoy team member. They are kind and trustworthy, and love our project. They are the house's neighbours, so would be around for - as they say - "a cup of sugar" or repairs.

COSTS

We need to guarantee \$40,000 USD to secure it. \$36,000 for the three-year lease, plus \$4000 for renovations, furniture, and transforming into our Casa Mosqoy. We're looking for either a donation (ideally) or loan to secure it before someone else snatches it!

CASA MOSQOY

OUR VISION

The space will house all of our students, plus our volunteers. It will also include our Mosqoy office & a storefront for our Mosqoy Peruvian Textiles. We will consciously renovate the space to become a cultural centre, where we will offer workshops and activities for our students, and fairs and events for our guests. All aligning with our cultural, social, and environmental values.

WHO TO CONTACT

Me! Feel free to contact me (Ashli) for more details about costs, photos, the space, etc. I'm the Founder and President of Mosqoy, and happy to chat.
